Castiglione Della Valle Pg - Perugia, Umbria

There are places which can reconcile people with the world and with themselves: this is the essence of Borgo. A place to reach if you are looking for a relaxing holiday. Silence and tranquility prevail over here and the marvels of nature walk hand in hand with fine art. Coming to Umbria and living in a beautiful medieval context is still not enough? The Umbrian region, green heart of Italy, offers you with beautiful cities of art like Perugia, Assisi, Todi, Spoleto, Gubbio, Norcia e Orvieto, apart from its uncontaminated nature. We offer our guests cultural itineraries that also include visits to artistic and natural places, some of which are less renowned, where one can even enjoy the local gastronomic specialties. Built originally around the year 1100, the Castello is the ideal holiday destination for those in search of quiet, natural surroundings and history. The castle offers all the services and facilities of a luxury hotel, with elegant and independent, fully-equipped apartments in the residence. The Castello also features a variety of large and well equipped communal rooms (such as the spectacular Sala Gotica where breakfast is served), beautiful grounds with 360° views over the Perugia valley surrounding the hamlet itself, the open air swimming pool + whirlpool hydro-massage. Ideally located, the Castello di Borgo Monticelli combines the quiet of its natural surroundings and centuries of history whilst being within easy reach of the liveliest spots in Perugia and Umbria. The tiny Medieval hamlet that makes up the castle is in fact just 12.6 kilometres from Perugia - San Sisto, where there is the Museo Storico della Perugina, and roughly 18 kilometres from the old town centre of Perugia. The ancient nucleus of the hamlet, which contains the apartments and the small church dating back to 1100 (which contains frescoes by Meo da Siena del 1315-1319) has been declared a monument of national interest and is under the tutelage of the Italian ministry for culture. We are already welcoming you to Umbria!
