Vescovado Di Murlo - Siena, Tuscany

The Residence - Restaurant is located 20 km south of Siena, at the border between Maremma's woods and "crete senesi", in the heart of eno-gastronomic tours and surrounded from the most beautiful cities of art of Tuscany. In a wonderful part of Siena's area uncontaminated and peaceful Il Casale has been designed from the owner architects to enjoying the view of Crevole's valley and the old little town of Murlo. The renovation has maintained, or better has enhanced, the optimal South-East exposure, of the whole complex: every apartment has both a view of the large valley, of the "Crete Senesi", and of the characteristic little Medieval town "borgo" of Lupompesi. The contrast between these two views is underline by the fact that the windows of the rooms that open on the little town are small and the ones of the living rooms facing the valley are wide and are frequently shaped like an arch, giving the sense of being in an arcade. All the interior decoration has been purposely designed to make your stay as pleasant as possible, for its esthetics and for its practicality: the furniture was made for us by Tuscan artisans, experts of ancient techniques, based on our exclusive design. The joining of the old traditions with raw materials of ancient flavor in a simple and linear style has brought to an extremely sober and at the same time elegant environment. Particular attention was given to the lighting system that with a game of lights can create different atmospheres at the discretion of our guest. From the old cellar of near farm, the owners have obtained 14 Suites of varied size: all are equipped by every comfort and furnished with elegant simplicity. Each suite has a delightful view of Crevole's valley, with Murlo's Castle in the background, bathed in green of woods and in colors of "Crete". Each Suite is composed of a bedroom with a romantic and elegant double bed with a baldachin in solid wood and a livingroom with comfortable sofas in wood, velvet and leather that easily become wide single beds with orthopedic bed base and mattress in solid latex and a little kitchenette. Each one has satellitar TV, telephone, bathroom with shower, air conditioning or warming on the floor.
