Sovicille - Siena, Tuscany

Historical 14th century hamlet, rich of history, situated between Sienna and San Gimignano amid the gently rolling Siennese hills, one of the most enchanting landscapes of Tuscany and culturally one of Italy's richest regions. The hamlet has recently been completely restored while retaining its original and characteristic features. The 16 homes, which vary in size from 40 to 160 m2 each architecturally different from each other, all with a beautiful open fireplace in the living room and well equipped kitchens, can be rented on a weekly basis. The 3 superior double rooms with mini-bar are rented on a daily basis. Breakfast with extensive buffet and basic hotel services are included in the price. Upon request full hotel services available. Borgo has a large swimming-pool (225m2) with sun trap terrace, deck-chairs and parasols and tennis court, table tennis, basket ball, mountain bikes. On site there is an extremely beautiful restaurant, with enoteca/wine bar and piano bar, which is situated in a medieval cellar thus offering a magical atmosphere, which is known for the Tuscan cuisine specialties. We organize weekly musical soirées and a guided wine tasting. During summertime the dinners are served on the large terrace near by the swimming pool with romantic live guitar or piano music. Well tended garden areas with pergolas, tables and benches. We have guarded private parking lots. Pets are welcome. Upon request relaxing massages and babysitter service on site. We organize cooking and languages lessons, various art and craft courses, conferences and all kinds of ceremonies (weddings, anniversaries). The property is Swiss owned and managed.
